

## Reception News

3.3.16

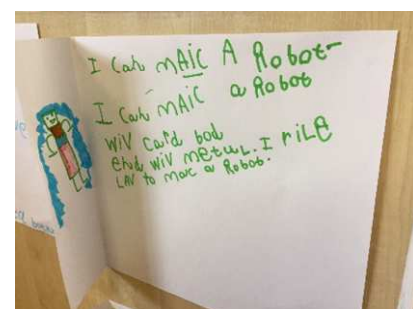

Dear Parents,

This week we have had an amazing time learning all about robots. We have read lots of robot stories and then we designed and made our very own robots.

Next week we will carry on with our robots topic and we will be using magnets to make metal robots. We have even ordered some real robots and we will be learning how to program them so that they move around our class!

This week we had to complete some new learning challenges in Reception. Ask your child about their new challenges. Ask them to show you where they collect their rainbow lolly sticks when they complete each challenge. You are welcome to

collect their rainbow lolly sticks when they complete each challenge. come in and have a look.

Finally, thank you for making such an effort to dress the children up for World Book Day. We all had a fabulous day and it was lovely to spend the day talking about our favourite books. You will be able to see the photographs on the website soon.

Thank you all for your support,

Mrs Burton, Mrs Neil and Ms Davis
