

## Reception News

5.5.16

Dear Parents,

What another exciting week we have had. The children have continued to watch the tadpoles and caterpillars growing and changing. We have also begun to learn all about snails. Next week we will be looking after some Giant African Land Snails in our class. Make sure you come in and meet them.

In maths this week we have been learning about doubling and halving.

We have been using everyday objects to help us. You could really help your child this week by practising doubling and halving with them at home.

Next week we will be having a very exciting visit from some real life minibeasts. We will be meeting some amazing creatures and learning lots of interesting facts. We would be very grateful for a contribution of **£2** for each child to cover the cost of the visit. You can have a look at some of the animals that will be visiting

us on the website [www.animalsintuition.co.uk](http://www.animalsintuition.co.uk)

Thank you for your support,

Mrs Burton, Mrs Neil and Ms Davis
