

## Reception News

12.5.16

Dear Parents,

What a fantastic week we've had. We had such an exciting visitor on Tuesday and the children amazed us with how brave they were. Everybody wanted to touch and hold the minibeasts and we learnt such a lot. You can see all of the

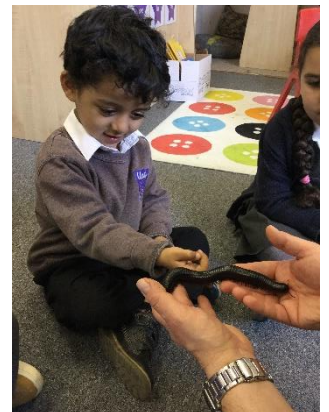

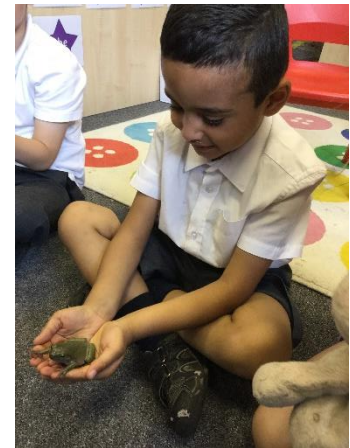

fabulous photographs on the school website. We would like to say a huge thank you to all of the parents who contributed £2. Your contributions make wonderful visits like this possible.

Next week we will continue with our minibeast topic and we will be finding out lots of

information about spiders. Why not go on a spider hunt in your garden or park this weekend? Can you find any webs?

Remember to look carefully and not hurt the spiders.

In maths next week we will be investigating **3D shapes** and learning all about how many edges and faces they have. How many 3D shapes can you find around your house? Can you help your child to count the edges? What about the corners?

Thank you for your support,  
Mrs Burton, Mrs Neil and Ms Davis
